

STUDENT VOICE

The Board of Education is committed to ensuring that students have a meaningful voice within the district and as a result the Board will maintain a District Student Advisory Council.

The District Student Advisory Council will:

- Create a connection between students and the Board of Education.
- Advise the Board regarding matters that impact students.
- Advocate for the district's student population.
- Report regularly to the Board on their activities and initiatives.

The Board may invite a representative(s) from the District Student Advisory Council to serve on district committees and provide feedback on specific matters.
